»TRAVEL PLANNING & FREIGHT

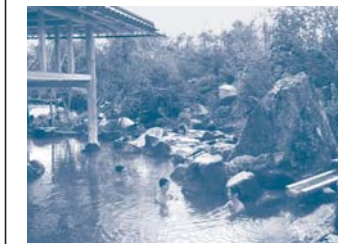

Inbound tour operator for foreign tourists

In line with the Visit Japan Campaign put forth by the Japanese government to promote international travel, Meitetsu World Travel coordinates attractive sightseeing packages, industrial visits, and other tours designed to accommodate the varied customs and attitudes of foreign travelers while meeting their diverse needs.

We offer strategies that address the wide variety of planning and other considerations associated with coordinating group tours, events, and conventions.

»Sightseeing, business, and medical tours

We plan and coordinate varied travel packages for everyone from individual customers to groups and entire corporations. In addition to general sightseeing tours, we also offer custom packages, such as those geared towards Japanese cultural experiences, industrial tours, or PET-CT imaging.

»International trade shows, exhibitions, and sales promotions

We provide a full range of support services (including lodging, transportation, and interpretation) for visitors from all over the world looking to display, present, or promote sales of new products and technologies in Japan at trade shows or exhibitions.

»Educational and research tours

Or educational and research tours include everything from historic site visits to diverse exchange and experiential tours. We offer students more powerful learning experiences in line with the evolving trends in the way school and field trips are conducted. We handle interscholastic exchange events as well.

»International sporting and cultural events

We arrange lodging, transportation, interpreting, and bilingual tour guide serves for participants in a wide variety of sporting and cultural events—from international competitions put on by cultural organizations to community-organized matches.
