Mikazuki Onsen

AWAKEN ALL YOUR SENSES

Get lost in the space of a miniature cherry blossom country, choose the favorite Yukata - traditional Japanese clothing and take poetic photos without having to travel very far.

Onsen hot mineral bath

Visitors can choose to soak in the hot mineral water combined with a peaceful Japanese-style space in the **Outdoor Onsen** area.

Separated for men and women, **Private Onsen** area is also a great choice to re-energize and heal the mind with beneficial hot mineral water.

With minerals imported directly from Japan, experiencing Onsen at Mikazuki 365 is enjoying a famous Japanese health care therapy thanks to 3 factors:

- **Hydrotherapy:** Soaking in hot mineral water can help the muscles, bones, and joints rest, increase blood circulation, eliminate toxins, reduce inflammation and improve sleep.
- **Mineral therapy:** a mineral source that penetrates through the skin, creating a moisturizing layer on the skin, helping to slow down the aging process and improve skin diseases.
- **Thermal therapy:** High temperatures from the mineral bath help dilate capillaries, increase blood circulation, increase metabolism, enhance tissue nutrient metabolism, and promote regeneration and damage recovery.

Japanese Sauna

In addition to Onsen, the option of eliminating toxins through the skin by experiencing **Dry Sauna**, **Himalayan Salt Rock Sauna** or **Essential Oil Sauna** is also a therapy that visitors should try.

OUTDOOR WATER PARK

From peaceful experiences on the longest lazy river in the Central region to adventurous feelings of indulgence, **Outdoor Water Park** is designed with miniature landscapes simulating typical Japanese cultural features with countless interesting activities waiting for visitors to explore.
