**IT'S NOT ENOUGH
TO IMAGINE IT.
COME AND LIVE IT.**

LIVE THE MAGIC OF AN UNPARALLELED PLACE.

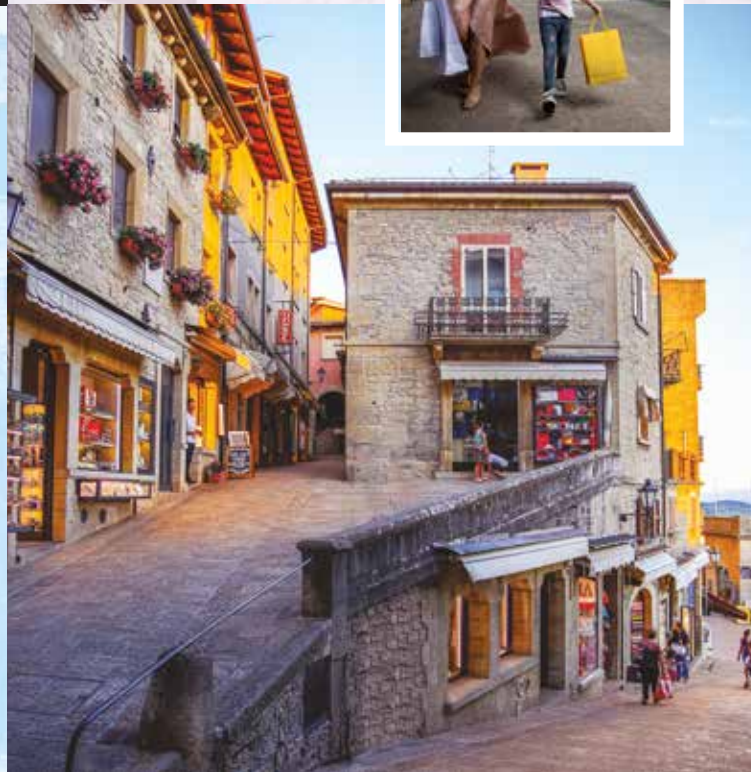

The **Republic of San Marino** enchants the eyes of visitors with its characteristic **beauty and proud uniqueness**. At every step you can immerse yourself in the medieval atmosphere that only San Marino can offer, at every corner you can discover its history, admire its nature and appreciate its architecture. During a visit to San Marino there is nothing better than visiting the places that have remained unchanged over time, such as the **three Towers**, or letting yourself be enchanted by the **San Marino National Gallery**, which collects over 1000 works resulting from the talent of some of the best known names of the Italian history of the 1900s. The oldest **Republic** in the world also offers numerous artistic attractions: the **Basilica of St. Marinus**, the small St. Peter's Church and the St. Francis' Church. Once in **Piazza della Libertà** you can admire the **Public Palace**, seat of the Great and General Council. The historical peculiarity of San Marino is revealed in its **ancient old Institutions**, first of all that of the **Most Excellent Captains Regent**, whose institutional functions correspond to those of a Head of State: an evocative procession open to the public frames their settlement. In summer you can attend the solemn **Changing of the Guard**, which takes place at the Public Palace, and breathe **the charm of a timeless place** by visiting the beautiful **Cava dei Balestrieri** and admiring the **evocative historical re-enactments with a medieval theme**.

A HERITAGE TO BE TRULY DISCOVERED.

Only in the **Old Town** of San Marino, granted the title of World Heritage Site by **UNESCO** together with that of **Borgo Maggiore** and **Mount Titano**, you have the opportunity to go shopping along the streets, in an authentic open-air shopping mall, and buy characteristic **products: artistic handicrafts, highly sought-after stamps, precious coins** of the Republic (at the Philatelic and Numismatic Office) and traditional **ceramic creations**. Furthermore, the Old Town offers hundreds of shops and restaurants where you can buy **your souvenirs and taste the local food and wine delicacies**.

And if you love to follow fashion trends, **San Marino Outlet Experience** awaits you with a selection of boutiques of international standing.

FLAVORS AND AROMAS IMPOSSIBLE TO FORGET.

Discover the rich and varied San Marino food and wine tradition: do not miss the opportunity to taste the **inviting culinary specialties**, the products of the **Consorzio Terra di San Marino** and the wines of the **Consorzio Vini di San Marino**. The numerous open-air itineraries are the ideal opportunity to stop and enjoy **an excellent glass of Brugneto or Sangiovese** or to allow yourself to take a break full of tastiness.

The cableway connects Borgo Maggiore and its big parking with the Old Town. The ride takes a few minutes during which you can enjoy a wonderful view of the Adriatic Coast.
