Have Fun Hiroshima Pass!

Have Fun Okayama Pass!

• Shine Muscat Grape

A nighttime photograph of a modern, multi-story building with a glass facade. The building is illuminated from within, showing horizontal bands of light across its floors. The top of the building has a distinctive, slightly stepped roofline. The building is reflected in the water in the foreground. The sky is dark blue. In the foreground, there are some lower-level buildings and streetlights, also reflected in the water. The overall scene is a vibrant urban nightscape.

A photograph of a traditional Japanese building interior, likely a ryokan. The scene shows a wooden staircase leading up to a second floor. A large, ornate lantern hangs from the ceiling. In the background, a view of a courtyard with a traditional Japanese garden is visible. The architecture features dark wood and sliding doors (shoji).

The city of Matsuyama is a place where nature, hot springs, culture, and history are in harmony. Starting with famous Dogo Onsen, one of the oldest hot springs in Japan, there are many buildings with historical flavor, such as Matsuyama Castle, the symbol of Matsuyama City. Matsuyama is also known as a city of literature, and is a recommended tourist destination for literature lovers, especially because of the many places closely associated with Masaoka Shiki and Natsume Soseki.

• *The Shiki Museum*

An aerial photograph showing a coastal resort area. A winding road or path leads down a green hillside towards a large, modern building complex. The complex is situated near a body of water, with several smaller buildings and parking areas visible. The water is blue, and there are distant islands or hills on the horizon.

The City of Takamatsu brims with spectacular views of the Seto Inland Sea, rich history and culture, beautiful nature and cuisine. Enjoy the changing seasons at Ritsurin Garden, a Japanese garden that has been designated as a special place of scenic beauty. Tamamo Park, historic site of Takamatsu Castle, and the waterfront by the Takamatsu Symbol Tower are perfect for a stroll. Enjoy the panorama of the Seto Inland Sea from Mt. Yashima, one of the city's most popular sightseeing spots, and evening and night views from the new "Yashimaru" facility. Locals and tourists alike love the famous Sanuki Udon noodles. Try some for yourself - they're affordable and delicious!

The logo for Takamatsu City features a stylized green fan at the top. Below it, the word "Takamatsu" is written in a white, cursive script. Underneath the script, the Japanese characters "高松" (Takamatsu) are displayed in a large, bold, white font. The entire logo is set against a dark green background.
