JW Marriott Jeju is bringing you the Finest of Jeju

INTRO

JW Marriott Jeju Resorts & Spa is the very first luxury resort to be showcased in Korea by Marriott International.

We are rooted in the core values of the JW Marriott brand, which are: “Be Mindful & Present, Be Nourished, Be Together.” We provide a sanctuary crafted with the best of Jeju so that customers can focus solely on their body, mind, and spirit.

Meet JW Marriott Jeju Resort & Spa

JW Marriott Jeju was brought to life by the renowned architect and hospitality interior designer, Bill Bensley. Guests can enjoy all of Jeju's land, sky, and sea that are captured within the details of his designs.

We sit on a 26,830m² site atop a coastal cliff, boasting a vast and awe-inspiring view of Beomseom Island. Furthermore, guests are free to take a stroll on the Jeju Olle Trail route 7 whenever they please as it is directly connected to the resort's garden.

From the moment you step into our lobby, we conduct the ‘Check-in Ritual’ to ensure that guests fully experience the essence of Jeju. We offer a small refreshment table with Jeju leaf tea and seasonal desserts to enhance the check-in process.

The resort activity programs provide experiences that replenish your body, mind, and spirit with Jeju’s natural energy.

One of JW Marriott Jeju’s standout features is Jeju Brunch Royale at the Island Kitchen. Available from 11:00 am to 2:30 pm, this dining experience allows guests to savor the finest flavors of Jeju, including unlimited servings of welcome champagne, Jeju female diver’s abalone Gimbab & Caviar and a choice of main courses all served to the table. In addition, this buffet also includes desserts and signature drinks.

Dive into a Journey of Natural Luxury

Nature of Jeju depicted by Bill Bensley

JW Marriott Jeju, designed by the luxury hotel and resort designer Bill Bensley, reflects the inspiration drawn from Jeju's agriculture and fisheries. The interior, adorned with hardwood and natural stone, blends to create a warm and cozy ambiance with an overall, yellow-toned color scheme.

During his first visit to Jeju in spring, Bill Bensley found design inspiration in the island's enchanting yellow fields of flowers. He chose yellow as the main color and incorporated gray, black, and white as secondary colors to reflect Jeju Island's volcanic nature.

Relax and Enjoy Jeju's Delicacy Jeju Brunch Royale

The Jeju Brunch Royale is a unique brunch service exclusively available at JW Marriott Jeju's all-day dining restaurant, the Island Kitchen. Served from 11:00 am to 2:30 pm, guests are given a generous amount of time to indulge in the delightful flavors of Jeju.

The most distinctive feature of the Jeju Brunch Royale is its table-served service, providing an experience like fine dining. Upon being seated, you will be welcomed with unlimited champagne, Jeju female diver's abalone Gimbab & Caviar, while the main dishes, freshly prepared and served, can also be enjoyed in unlimited quantities.

The buffet's bread and dessert corner is an unmissable highlight with various treats, including croissants that capture the beauty of Jeju's landscapes, brioche au chocolat, and seasonal desserts.

To conclude your meal on a delightful note, enjoy JW Marriott Jeju's Signature Blend Coffee and Tea, developed in collaboration with local partners.

Resort Activity Programs: Connecting people and culture through Jeju's nature

JW Marriott Jeju, with a focus on “Reconnect,” offers a resort activity program categorized into two main categories: 1) Kids Camp and 2) Adult Programs. These programs aim to build the joy of travel by providing a variety of experiences that connect people with nature, culture, and each other.

‘RE CONNECT TO NATURE,’ a program for kids, offers diverse activities to connect children with Jeju’s nature, ranging from ‘Kids Adventure’ exploring the forests of Jeju, ‘Kids Sports,’ ‘Kids DIY,’ to ‘Kids Cooking Class’ at JW Garden, where they can harvest fresh seasonal vegetables and herbs to cook.

Couples and single travelers can experience ‘RE CONNECT TO YOURSELF,’ various activities and fully experience JW Marriott Jeju. They can enjoy activities such as “JW Garden Bulmeong,” and “Art Climbing” to restore their tired bodies and minds. Additionally, there are F&B classes prepared by chefs, baristas, and sommeliers available for everyone to enjoy.

The Island Kitchen is an all-day dining restaurant operating from 7:00 am to 9:30 pm, where guests can enjoy Jeju's abundant table in various ways throughout the day.

The innovative brunch concept, 'Jeju Brunch Royale,' is the signature menu that allows guests to experience the values JW Marriott Jeju wishes to convey through taste. Upon seating, guests will be provided with unlimited welcome champagne, French caviar and more. The main menu, available for unlimited orders, is freshly prepared on the spot, ensuring guests enjoy it at the perfect temperature. Afterward, guests can conclude their meal with a diverse buffet, including various seafood and desserts, and savor JW Marriott Jeju's Signature Blend Coffee and Tea, crafted in collaboration with local artisans and roasteries.

The 'Jeju Seafood Royale' offers a sumptuous dinner buffet. Guests can enjoy a trio of delights including shabu-shabu made with JW Garden vegetables, seasonal seafood, and brisket in a rich beef broth, unlimited beverage pairings to suit every taste, and a lavish buffet of grilled meats and fresh seafood.

The fine dining restaurant presents visual beauty as a foundation, while focusing more on the rich flavor brought by smoke. The Flying Hog reinterprets Jeju's grilled dishes in a modern way using wood-fired grills and brick ovens. From meat to vegetables and even desserts, the touch of fire is added to all ingredients, preserving the rustic and robust smoky flavors.

We utilize oak and Jeju mandarin tree barks to grill Jeju's renowned black pork and duck directly or indirectly, or using techniques like conpi technique for cooking. Particularly, the open kitchen format allows guests to directly observe the cooking process, adding to The Flying Hog's charm. The dining experience is further enhanced with the complimentary pre-dinner and post-dinner drinks provided as a basic offering.

The zero-waste cooking method, which utilizes 2 to 3 ingredients per course while minimizing waste, enriches the guests' gourmet experience. The pride of The Flying Hog lies in the cooking method that incorporates seasonal vegetables, such as beets, romaine, scallions, and carrots, harvested from nearby farms on the same morning, utilizing every part from roots to leaves.

The Lounge Afternoon Tea Set offers a delicate harmony of JW Marriott Jeju's own tea and coffee, crafted in collaboration with local artisans and roasteries, along with sweet treats capturing the flavors of the season.

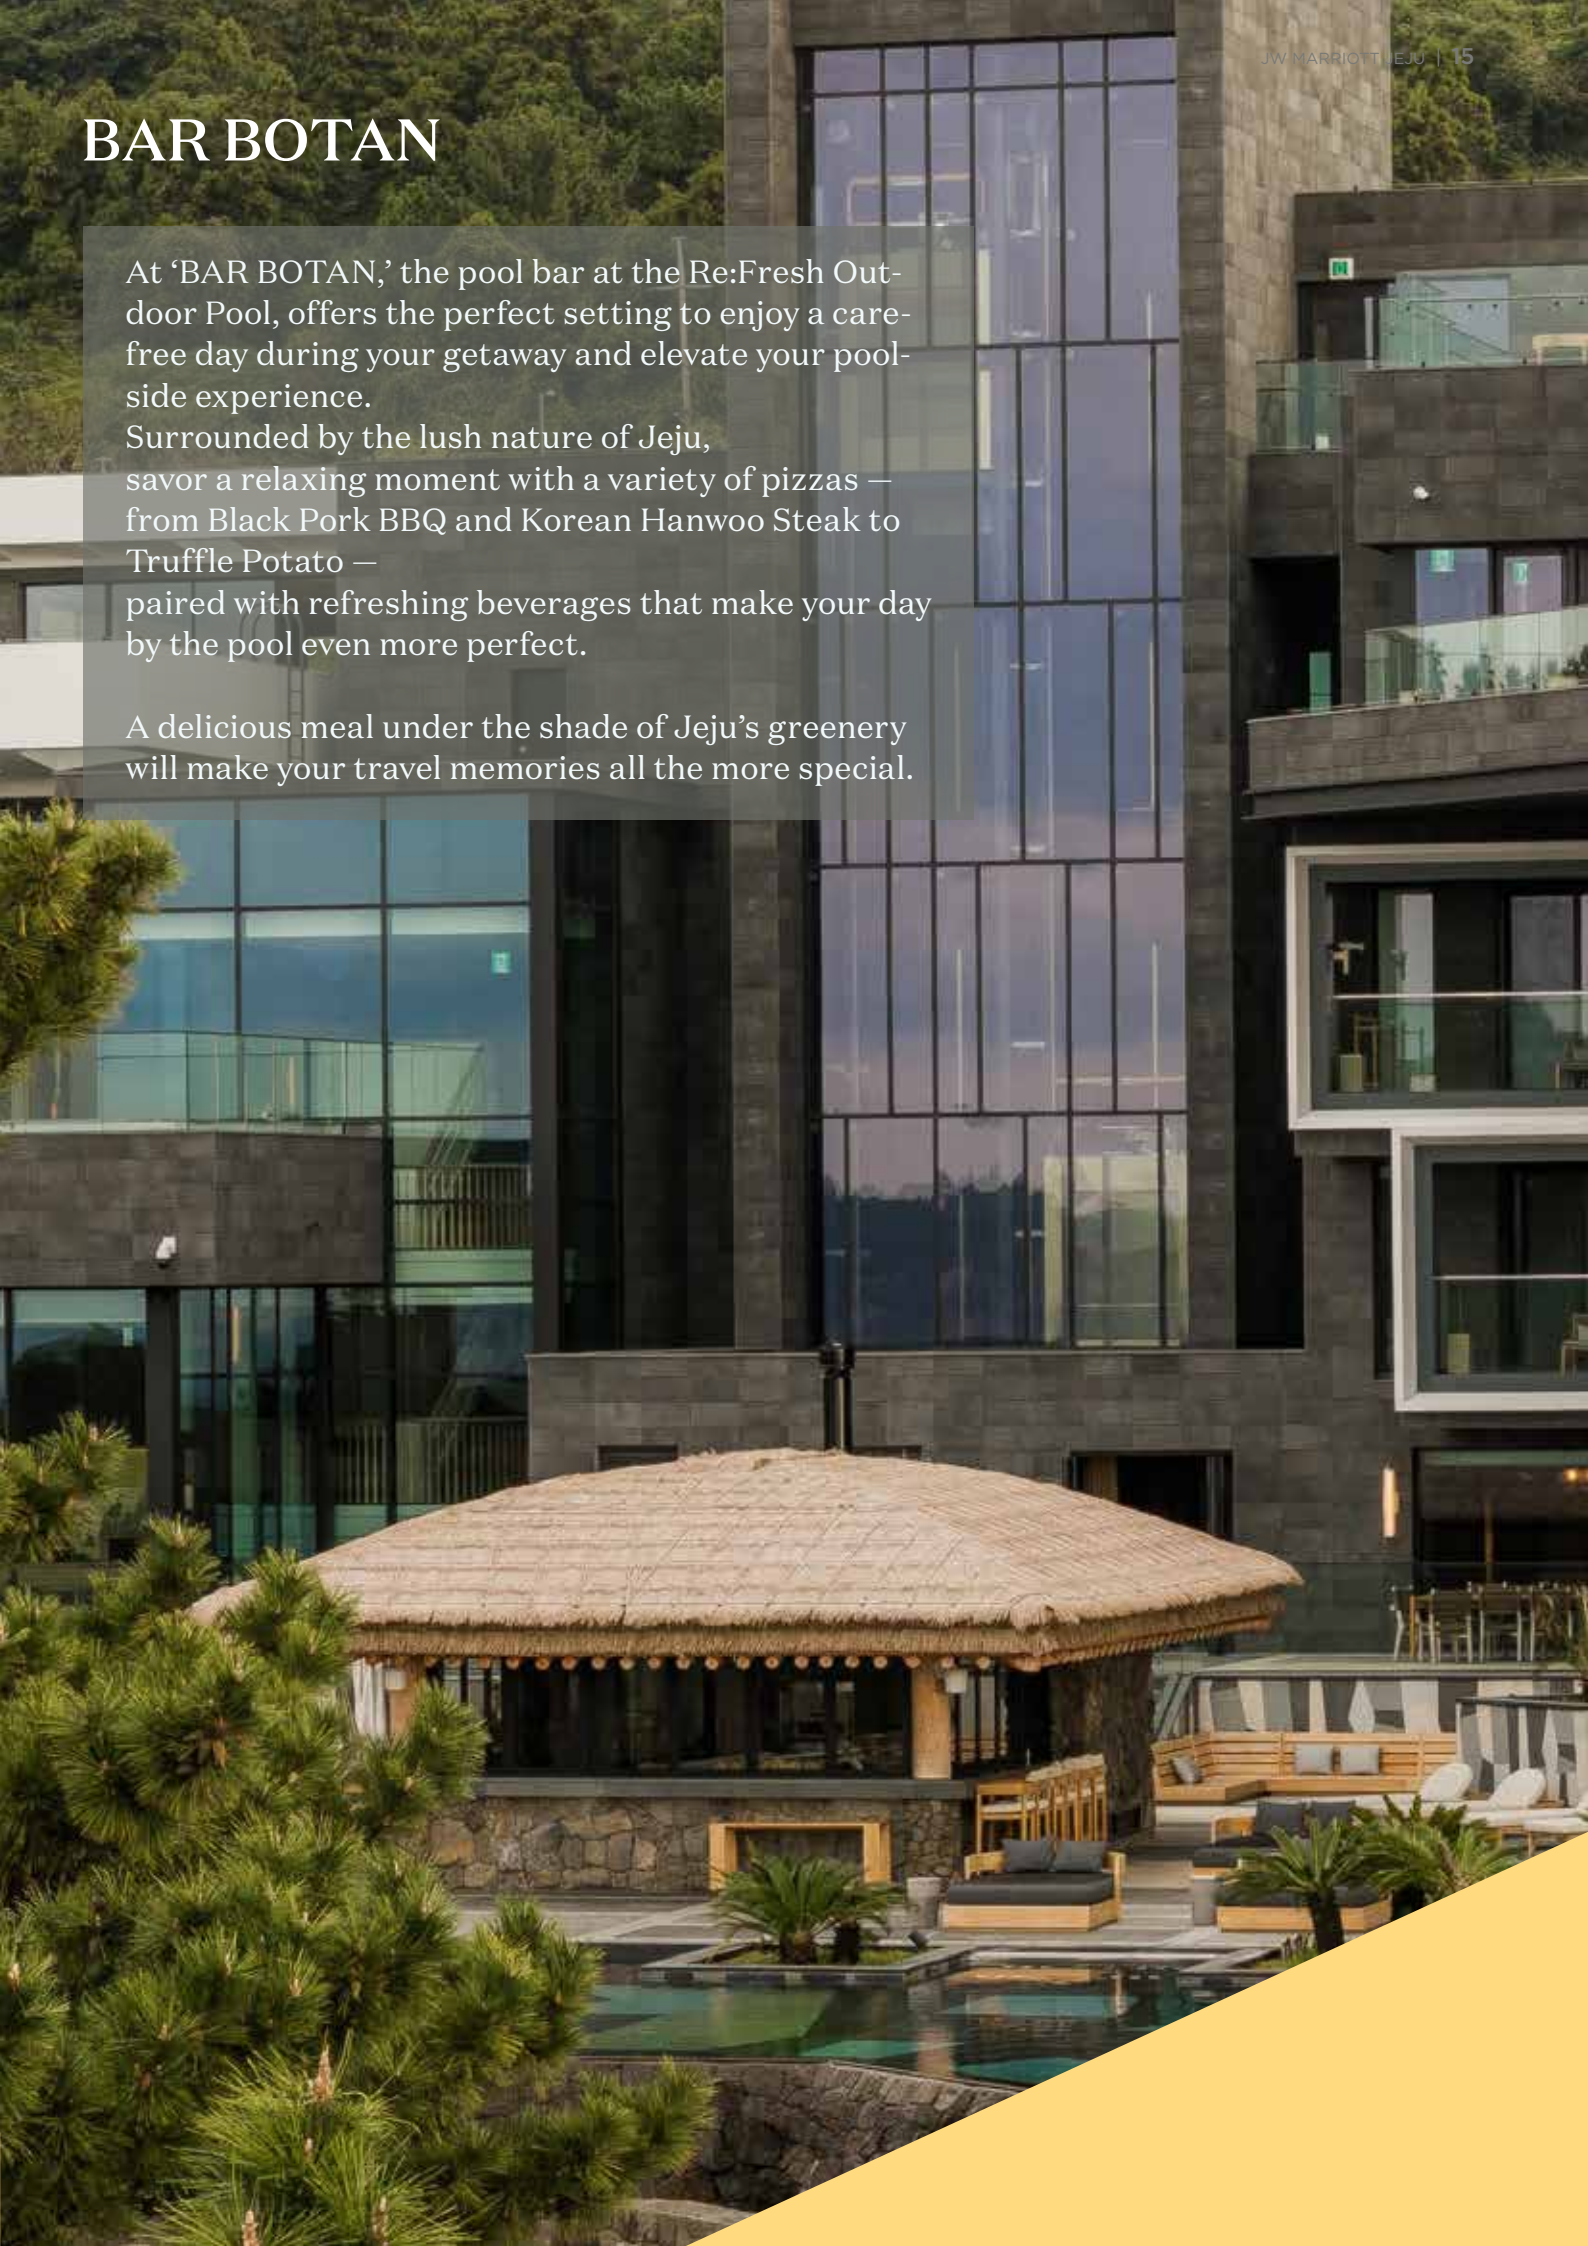

In addition to a variety of beverages, The Lounge is brimming with dessert options, including artistic cakes inspired by Jeju's natural elements and house-made ice cream, perfect for sweetening your day.

BAR BOTAN

At 'BAR BOTAN,' the pool bar at the Re:Fresh Outdoor Pool, offers the perfect setting to enjoy a care-free day during your getaway and elevate your pool-side experience.

Surrounded by the lush nature of Jeju, savor a relaxing moment with a variety of pizzas — from Black Pork BBQ and Korean Hanwoo Steak to Truffle Potato — paired with refreshing beverages that make your day by the pool even more perfect.

A delicious meal under the shade of Jeju's greenery will make your travel memories all the more special.

Yeoumul is a restaurant with a unique concept, presenting Jeju's traditional set menu for a select group of customers. Its name comes from the mysterious legend of a pond, "Yeoumul," located in the resort's garden.

As a dining restaurant that focuses on seasonal ingredients, the chef expresses his own version of Jeju using fresh seafood from Jeju's haenyeo (female divers) and other local ingredients. Through a meticulously crafted tasting menu perfected by a chef who deeply understands Jeju's nature and ingredients, we present the finest dishes that allow you to fully experience Jeju.

Wellness

Relax and unwind at the indoor and outdoor swimming pools of the Re Fresh, where you can release the fatigue built up in both body and mind, focusing on complete rest. With a badewell and infinity pool, you can enjoy a variety of healing experiences.

Re Connect to Nature

JW Marriott Jeju's Kids Camp, allows children to escape from their everyday routine of playing on concrete and to enjoy playtime in Jeju. Centered around the theme 'Reconnect with Nature,' it offers interactions with nature and activities like cooking using Jeju's local produce. The Kids Camp is divided into half-day and full-day sessions where children can participate in the program for up to 8 hours, with or without meals.

Kids Adventure

Escape the grey city and embark on an adventure in Jeju's forest. Explore the woods, solve missions, and unleash your child's pure curiosity and passion.

Cooking Class

Especially at JW Marriott Jeju's JW Garden, children will have a fun and delicious experience using freshly harvested seasonal vegetables and herbs from the JW Garden.

Upcycling D.I.Y

Create everyday items using materials reflecting the uniqueness of the region, such as haenyeo's old diving suits. Discover the value in reusable items and learn to appreciate nature.
